

This is the story of Leonardo, a human who ended up in the Kingdom of TeX. His/Her mission is to bring peace to humans and fairies by stopping the war. You met Lua-Chan, a girl who rescued you after you appeared in that Kingdom. And since then you have embarked on an adventure in search of the "Mathbfle".
That is all. Someday someone will continue this adventure. And that can be you.

Thanks for playing.
Leonardo H. Anez Vladimirovna
